OUR JOURNEY

FROM THE BEGINNING

Bagger Dave's or "Bagger's" as we call it, was created by restaurateur Michael Ansley, a 1993 University of Dayton graduate, Go Flyers! He wanted to create a celebrated "local" place that served fresh food similar to early American taverns along the stagecoach while America was settling. What could be better than craft burgers and craft beer? He and his team opened the first Bagger's location in Berkley, MI in 2008 and have since continued with successful openings through Michigan, Indiana and Ohio.

Why Dave?

Dave is in memory of Michael's father-in-law. A well-loved family man with a passion for life, business and restaurants. We honor this passion in all that we do and continue to be inspired by him every day.

What's a Bagger?

No idea. It sounded good with Dave and made for an interesting conversation. We often tell folks to look for the little guy with the baggy pants.

PRIME RIB BURGERS

After countless hours of research and numerous tastings, with the help of many inspirational chefs, we found our Prime Rib Recipe. One made from a distinctive combination of perfectly seasoned sirloin, chuck and prime rib. Our burgers are never frozen and locally sourced from 100% grain fed cattle with no fillers or preservatives.

We Do It Belgian Style

After endless hours of research and testing we settled on a 6-step process to create our meticulously sourced Belgian Style Fry. They're Hand-Cut fresh each day, have no fructose coating and are double fried to perfection each and every time.

AND THE TRAIN?

The train is a symbol of all of our hard work, travel and adventure of bringing you the best food we possibly could.
